

MAPELEY

HEALTH & SAFETY POLICY STATEMENT

Mapeley is a market leading property investment and outsourcing company. It is clearly recognised within our Business that Health, Safety and Welfare and prevention of work related injury and ill health of our employees, customers and contractors is critical to our continued success.

Mapeley operates a systematic approach to the identification and elimination of hazards and reduction of occupational risk within its operations, whereby all staff and managers are responsible for playing their part in its implementation.

Mapeley, through our management system, is committed to fulfil legal and other standards with compliance at least to a minimum statutory standard, with our continual improvement programme aligned to health and safety objectives that will maintain us at the forefront of Health and Safety management.

Mapeley will consult its employees on matters of Health and Safety and provide its people with appropriate training to ensure so far as is reasonably practicable that they can undertake their responsibilities in a safe and efficient manner.

The Head of Health and Safety will review this Policy as part of our management review process, and provide a written report on Health and Safety performance to the Board of Directors.

Signed:

Date: 12/10/21

Mark Smith - Chief Executive Officer
CEO, for and on behalf of the Board of Directors of Mapeley Estates Ltd.
